Gainesville Daily Sun

VOL. XXIII, NO. 284 GAINESVILLE, FLORIDA, TUESDAY, JANUARY 8, 1907 TEN CENTS A WEEK

LIFE RAFTS MARKED "CITY OF PANAMA"

Drift Ashore Near Pescadora, California.

SHIP IS BELIEVED TO BE LOST

Pacific Mail Liner, City of Panama, Is Thought To Have Been Wrecked at Sea—Over One Hundred People Were on Board.

San Francisco, Jan. 7.—No further news as yet has been received here bearing on the fate of the Pacific Mail Liner City of Panama, which sailed from here Monday last for southern ports.

According to a telephone message received from Pescadore Friday night two life rafts came ashore at Wardell Beach, 16 miles south of Pescadore Jan. 4 at 7 o'clock and there were on the rafts oars, boathooks, a barrel of water and a box of crackers. Later in the day two more rafts came ashore two and a half miles below Wardell Beach similarly equipped, while off shore a large quantity of wreckage was seen floating. Both of these rafts, it is said, were marked City of Panama.

It is known that the steamer upon leaving here Monday in the teeth of a heavy northwest gale, had come to some trouble on the bar, as she was stopped there for a time before proceeding on her way south.

The City of Panama was one of the oldest vesels on the Pacific mail fleet and was commanded by Captain A. W. Nelson.

There were no passengers on board the ship.

Had the City of Panama continued uninterruptedly on her way she would have been due Friday at Mazatlin, Mexico, her first port of call. The Pacific Mail boats take the outer course from San Francisco down, generally keeping outside the Santa Barbara channel islands, and standing well off shore until they reach the end of the peninsula of lower California. There they turn into anchor off the bay of Mazatlin, which is on the mainland shore.

The beach is now being patrolled for miles watching for bodies which may drift ashore.

Injured by a Toy Cannon.

Wellston, O., Jan. 7.—Frank Anderson and Luther Powell, aged 12 and 13 years, respectively, were seriously injured by the explosion of a home-made toy cannon. Anderson had filled a piece of gas pipe with powder and lighted a fuse attached, but there was nothing doing. He investigated at close range, and the pipe burst. His right arm was terribly mangled and he was seriously burned about the face. Powell also was near at hand carrying an umbrella. Pieces of the pipe tore broke through the water-shed, lacerating his face shockingly. Both boys will recover, the physicians say.

P. O. Appropriation Bill.

Washington, Jan. 7.—Hearings on the postoffice apropriation bill will begin by the house committee on postoffices and post roads next Tuesday. Much consideration will be given to the extensive criticism made of the present system of the weighing of mails to determine the compensation railways shall receive.

She Was Asphyxiated.

Syracuse, N. Y., Jan. 7.—Mrs. Avis Van Wagenen, a prominent woman of this city, was found asphyxiated at her home here. She had taken a bath late last night and neglected to turn off the gas. Mrs. Van-Wagenen is a daughter of Mrs. C. E. Sterns and sister of Mrs. Frank Martin, both of Cincinnati.

May Get New Trial.

Lebanon, O., Jan. 7.—Henry White, convicted of the murder of Marshal George Basore, of Franklin, may get a new trial. The motion for such has been argued by the attorneys of the case for the past two [illegible]

STRUNG HIM UP TO A TREE.

Lynching of Negro for Entering a Young Lady's Bed Room.

Eufaula, Ala., Jan. 7.—A negro, whose name cannot be learned here, was lynched at Midway, Ala., Friday. A posse of indignant citizens swung him up to a tree, and riddled his body with bullets.

The negro, who appears to have been a well known character in that community, had only recently returned from the penitentiary. Wednesday night he entered the room of Miss Morrel King, at Midway, by pushing open one of the shutters about midnight, and had grasped her hand before she awoke. Her screams attracted the other inmates of the house, and the negro escaped. A posse immediately set out after the negro, and captured him Friday. When brought to Midway, he made a full confession, and the lynching followed.

It is learned that a similar attempt was made to enter the room of two other yuong ladies, at Midway, a short time ago, and the citizens were aroused. Miss King is a daughter of Lem King, a prominent banker of the place, and is a beautiful and cultured young woman. Her mother died a few months ago, and she was in charge of the household.

After the excitement had subsided, it was beyond doubt established that the negro lynched was Will Scott, a notorious character.

FLOWER NABBED BY DETECTIVES

Swindler Arrested After Four Years' of Pursuit by Officers.

Philadelphia, Pa., Jan. 7.—R. C. Flower, alias C. G. Dalney, who has been a fugitive from New York since 1903, where he is wanted to answer charges of grand larceny and swindling credulous investors out of about $1,000,000 on alleged bogus mining operations, was arrested in this city.

Flower, who the detectives say is the most colossal mine swindler of the age, was captured in a room in one of the big office buildings, in the center of the city, where, it developed, he has been located for some time. Under the name of Professor Oxford, the detectives say, he was seeking to secure money from investors by representing that he had a wonderful chemical process whereby he could make diamonds and other precious stones and a patent brick.

Vacant Clerkship Filed.

New Orleans, Jan. 7.—Specials from Hattiesburg, Miss., say that the vacant clerkship in the Hattiesburg postoffice to which the negro, W. T. George, was appointed has been filled by a white clerk. George recently notified the postoffice department that he feared personal injury if he accepted the Hattiesburg position. The vacancy was filed after George had been peremptorily notified to appear and failed to respond. White residents of Hattiesburg claim that George's fear of violence was not well founded, and that the hanging of a piece of crepe in fun on the postoffice door after the negro's appointment, caused a rumor of a plot against him.

Statue of Late President.

New York, Jan. 7.—James B. Duke, President of the American Tobacco company, who has one of the about to add to it a life-size bronze and marble statuary in America at his home in Somerville, N. J., is about to ad do it a life-size bronze statue of the late President McKinley. A cable dispatch received Friday announced the successful casting of the statue at the famous Gallee foundry at Florence, Italy. The statue was executed by Professor Trentenove from a favorite picture of the late president. The statue will be erected in a conspicuous place on the Duke estate next spring.

Still Captured in Turner County.

Macon, Ga., Jan. 7.—U. S. Disuty Marshal Dave Riley returned from Turner co[illegible] Friday, where he made a raid on a large illicit distillery operated in the woods some distance from Ashburn. The prisoner captured was a negro who gave his name as Muse McCutcheon. He was carried before the authorities in Albany and placed under bond of $150 to appear Monday to answer to [illegible] distilling.

AT BANK OFFICIAL RUSSIAN THREW BOMB

Explosion Wrecked Philadelphia Bank Building.

DEMANDED MONEY FROM BANK

When Denied It, the Man Threw a Bomb at the Cashier, Killing the Official and Himself, and Wounding Several Bystanders.

Philadelphia, Jan. 7.—An explosion has just occurred in the building occupied by the Fourth street National bank on Fourth street, between Chestnut and Walnut streets.

Later reports state that a sensational rumor is current that an unknown Russian entered the bank and demanded money. The man being refused, threw a bomb, which exploded, killing Assistant Cashier McLear and himself instantly, and injured several bystanders.

The Fourth street national bank is one of the largest in the country, its deposits aggregating nearly $40,000,000.

Several other employes of the bank and patrons were injured. Two of those hurt may die. The bomb thrower had demanded money from the president of the bank. When he was refused, he took the missile from under his coat and hurled it at Mr. Rushton, president of the bank.

A slight fire followed the explosion and tenants in the Bullet building, in which the bank is located, fled from their offices.

The police were quickly on hand, and the placed the vaults and the securities of the institution under a heavy guard.

President Rushton, after the explosion, rushed to the eighth floor of the building from the street floor, to the rooms of the Down Town club, a dining organization. He was very much excited, trembling like a leaf. He told the following story:

"A man who gave his name as G. E. Williams, shabily dressed, giving no place of residence, came into my office and asked me to lend him $5,000. I was busy looking over some papers on my desk at the time and paid but little attention to what the man said. He sat there looking at me very curiously, until I became suspicious that he was a crank and asked him to excuse me for a minute while I went into another office. As I left the man he arose and went over to the [illegible]'s window. I noticed him talking to the cashier, but do not know what he told him. The explosion followed next. I did not see the man throw the bomb, but I have every reason to suppose that he did throw it. My cashier, William Z. McLear, was killed outright. The explosion caused great excitement amongst us all. Glass flew from the smashed window and fell in a shower over us and four or five women were among the employes who rushed for the door. I understand that six or seven people were injured but I do not know how seriously."

Mr. Rushton left the Down Town Club and returned to the first floor where his friends summoned a carriage and sent him to his home.

Agree Upon a Jim Crow Law.

Montgomery, Ala., Jan. 7.—The city council and the Traction company has agreed upon a Jim Crow law that will have the effect of keeping the negroes and the whites separate, but at the same time allowing them to ride in the same cars. The negroes are to fill the cars from the rear and the whites from the front, except that the whites are to have two seats at the front not to be used by negroes at all.

To Prevent His Lynching.

Valdosta, [illegible], Jan. 7.—J. E. Fulford, of Clinch county, has been arrested and put in jail here, charged with incestuous criminal assault, his alleged victim being his 16-year-old daughter. The charge was preferred against Fulford while living at Dupont last year, but he fled the scene.

FATHER CUTS SON'S THROAT.

They Had Friendly Wrestle Out on the Veranda.

New Orleans, Jan. 7.—Thomas O'Connor, Jr., was killed on Friday night, having his throat cut with a knife while scuffling with his father. The elder Thomas O'Conner has been arrested and charged with the murder of his son.

Members of the family told the police that while the family were gathered on the veranda father and son discussed whether the strongest always wins in a wrestling bout. The father claimed that the strongest did not always win, and offered to have a wrestle with his son.

The family said that the father was laughing at the time he arose from the floor, after apparently getting the best of the bout, and that immediately afterward a deep cut was discovered in the young man's throat.

The police claim that the father is dazed, as if suffering either from a drug or drink, and that they have been able to learn nothing from him. The son was 20 years old.

CAN'T BLUFF LIVINGSTON.

Georgia Congressman Laughs at the Talk of Libel.

Washington, Jan. 7.—Representative Livingston, of Georgia, Friday made the following statement coming the action in New York of the board of managers of the New York Cotton Exchange in deciding to consult counsel as to the advisability of bringing suits for libel against himself and President Jordan, of the Southern Cotton Growers' association, for their recent action in asking the postoffice department for a fraud order against the exchange:

"It is a losing game if they think they can bluff me out by threatening libel proceedings. An attempt is being made to cloud the issue by asserting that I am after the New York Cotton Exchange as a body. I am after the governing body, the steering committee composed of about 15 men, who are responsible for existing conditions. There are many honest men in the exchange."

Body Was Eaten by Hogs.

Jesup, Ga., Jan. 7.—A nude negro, presumably about 60 years old, with both legs and one arm severed close to the trunk, is what a section hand discovered lying on the cross-ties a miles from the depot. The peculiar thing was that no trace of the garments or missing limbs could be found. There was no wounds of a single description on the body to warrant the assumption of foul play. The grewsome theory that the members were destroyed by hogs seems the only plausible solution. The negro was evidently knocked from the track by the southbound passenger No. 33, that was several hours late, passing here about 9:45 o'clock. There was no means of identifying the body except a handkerchief lying near and tied in one of its corners was a punched conductor's slip and a postal receipt bearing a Florida postmark. The man had only one eye.

Will Continue Clergy Tickets.

San Francisco, Jan. 7.—The Southern Pacific has decided to interpret the interstate commerce act either liberally as concerns army officers and clergymen, former users of half fare tickets. Notwithstanding the new federal relations governing all transportation and communication from one state to another the Harriman lines will continue to sell this class their tickets at half price, but for only trips in the confines in which states the tickets are sold. These half fare tickets will not be good to use as any part of an interstate trip.

Died at a Banquet.

Boston, Jan. 7.—At a banquet to one of his successors at the Quincy house, John B. Henderson, who was mayor of the city in 1897, was stricken with [illegible] and died within a few minutes.

Found Dead in Office.

Knoxville, Jan. 7.—James S. Lipscomb, a prominent insurance man of this city, was found dead Saturday morning in his office in the Borches building.

SCHIFF MAKES GIFT TO JEWISH COLONY

New York Banker Gives Half a Million Dollars.

TO AID IN IMMIGRATION SCHEME

Will Divert Tide of Immigrants Caused by Persecution in Russia from New York to Texas—Rothschilds Also to Aid in Project.

New York, Jan. 7.—Cyrus L. Sulzberger, chairman of the American counsel of the Jewish Territorial organization, gave some details Friday of the project of that organization to divert the tide of immigration caused by the persecutions in Russia from New York to Texas. The plan was first announced in London a few days ago at a meeting of the British Federation of the Jewish organizations. Israel Zangwell said that at one time the British Federation had created a department of regulation of immigration, the treasurer of which was Leopold De Rothschild.

Mr. Sulzberger, who is to be in charge of the American end of the scheme, said Friday that it had been thought too large a proportion of the Jewish immigrants to this country remained in New York, where they found it difficult to leave later on.

If the great bulk could be brought to Galveston, whence the trunk lines could distribute them throughout the west among towns which needed the workmen, the growing congestion would be relieved. Mr. Sulzberger said it was not proposed to pay any steamer passages.

The managers of the scheme in Europe would originate ways of reaching intending immigrants and influencing them to go to Galveston. Men would be employed by the managers on this side of the Atlantic to collect informal tion about labor needs in the west and northwest.

The immigrants arriving in Galveston would be classed, he said, and upon the information gathered as to labor needs, which would be available at the Galveston office, efforts would be made to distribute the immigrants to places acording to their needs. He confirmed the report that Jacob V. Schiff has given the organization to understand that it may draw upon him to the amount of $500,000.

Girl Prevented a Wreck.

Hutchinson, Kans., Jan. 7.—Nora Breckenridge, night telegraph operator at Arlington, near here, prevented a wreck of two Rock Island freight trains on Thursday night. Through a confusion of orders a westbound freight cleared from Arlington just as the east bound freight left Turon, two stations west. A moment later Miss Breckinridge was ordered to hold the west bound train. Langdon station, which was between the two trains, is not a night telegraph office. After Miss Breckinridge had tried in vain to reach Langdon she located John Spencer, a farmer, who lived near the railroad track. She told Spencer the situation, begged him to get a lantern, wrap it with a red cloth and hurry to the track. He did so and arrived in time to flag the west bound train, with the second train only a half mile away.

Held for Killing Negro.

Montgomery, Ala., Jan. 7.—S. J. and Tillman Russell, well known planters of this county are held for the killing of Harvey Toles, a negro boy, during Christmas week. The testimony shows that they were shooting at another negro and the load of bird shot entered the head of the dead boy. A negro woman was also hit by stray bullets. The accused are members of leading families of the state and the trial attracted a large crowd.

German Training Ship.

New Orleans, Jan. 7.—The German training ship Stein, carrying a midshipman's class, and a crew of young men being trained for the navy, arrived here Saturday from Vera Cruz, Mexico. The vessel will remain in this port a week.

DR. SLEDD'S TALK.

Made a Plain and Interesting Address to Officers and Teachers.

The services at Kavanaugh Methodist Church Sunday evening were of an extraordinary nature, being the installation services of the officers and teachers of the Sunday school, recently elected and appointed. The service might be termed original in its inception, but at the same time it was one which was wholly in accordance with the Sunday school and its reference to the church.

The program was opened in the usual ritualistic manner of the church, which diverted on the second number, when the roll call of officers and teachers of the Sunday school was called, each answering to his or her name. After the singing of another hymn the officers and teachers came to the front, where they were required to engage in responsive Bible reading, which was followed by a prayer by the pastor, Rev. T. J. Nixon. This was followed by readings from the Bible by the pastor, after which there was an eloquent address by Dr. Andrew Sledd, president of the University of the State of Floride, on the subject, "The Sunday School Teacher and His Work."

Dr. Sledd in his usual eloquent and impressive manner, spoke for forty minutes, during which time he said many good things for the benefit of his hearers and the enlightenment of the Sabbath school teacher, all of which was well received, and profitble to those directly interested, Dr. Sledd is a fine speaker, full of logic and sound sense, and in this instance he delivered one of the best talks he ever made.

HAD RELATIVES HERE.

J. M. Thomas Had Two Daughters, Residents of Gainesville.

Mrs. D. E. Godwin and sister, Miss Inez Thomas, have gone to Roanoke, Va., having been summoned there on account of the murder of their father, J. M. Thomas, which occurred in a ravine near Danville on Wednesday of the past week, and a notice of which appeared in the Associated Press dispatches.

Mr. Thomas was engaged as a foreman for the steel construction department of a railroad, and his duties often called him away. It was while in Virginia that he was waylaid and murdered, with the purpose of robbery. Friends of the ladies deeply sympathize with them in their sad bereavement.

Chronic Constipation Cured.

One who suffers from chronic constipation is in danger of many serious ailments. Orino Laxative Fruit Syrup cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Orino Laxative Fruit Syruy does not nauseate or gripe and is very pleasant to take. Refuse substitutes. J. W. McCollum & Co.

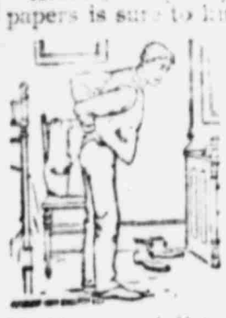
DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.



Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

A NEW TIME CARD.

A. C. L. Gives Gainesville aud High Springs a Double Daily Service.

A new schedule has gone into effect on the Atlantic Coast Line, which will give the traveling public the advantage of a double daily service between Gainesville and High Springs, which is a luxury they have not enjoyed since the through train service was inaugurated via Gainesville.

The through service, it must be admitted, was a good thing, but with this service came an almost elimination of the local service, which has suffered a great deal on that account. It has been so that passengers were put to great inconvenience, but now, since the double daily service has been installed, the situation will be more encouraging.

The trains for High Springs will now leave at 11:40 a. m. and 3:40 p. m. returning at 1:30 and 4:05 p. m., thus affording an opportunity to people on this line to come to Gainesville, do their trading, and return the same day.

There are other changes on the Atlantic Coast Line not so important as this, but they are given for the information of the public.

The train for Ocala, St. Petersburg and Tampa leaves at 1:30 p. m., instead of 1 p. m., and the train for High Springs, connecting for the north and south, leaves at 11:40 a. m., instead of 11 a. m.

FUNERAL OF MRS. CLARK.

Was Held Sunday From Baptist Church, Rev. Rogers Officiating.

The funeral of Mrs. Hattie Clark, wife of James Clark, of Miami, who died in this city Friday of Bright's disease while on a visit to the family of Congressman Frank Clark, was held from the First Baptist Church Sunday afternoon at 2 o'clock, Rev. S. B. Rogers conducting the ceremonies. The interment was in Evergreen cemetery, this city, inasmuch as deceased had no relatives in Miami.

The funeral was one of the most impressive ever held in Gainesville. While it was not so largely attended, owing to the fact that the deceased was a stranger here, a number of friends of Congressman Clark and his wife were present.

A number of those at the church followed the remains to their last resting-place in the cemetery, and the final service was impressive.

Owing to illness in her own family, Mrs. Clark was not enabled to attend the service, but Colonel Clark was present, having come from Bronson, where he had been engaged in the famous murder trial of the State against Priest. Col. Clark's friends sympathize with him and his brother, husband of the deceased, in their bereavement.

Special Announcement Regarding the National Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

WAS ONCE HANGED.

But This Man Still Lives to Tell the Story of His Close Call.

"Yes, it is true that I haved been hanged," said Rev. T. Mann of Fitzgerald, who is in Gainesville today in the interest of some religious books of which he is the author.

Mr. Mann was a Confederate soldier and relates an interesting story about his being hanged by a mob of Federal soldiers at Barrancas, Fla., on the charge of being a Confederate spy.

"For the purpose of blowing up a magazine," said Mr. Mann, "I had entered the Union army at Barrancas, Fla., and had formed a strong friendship with one of the sergeants. While in the latter's tent one night I secretly ran the hands of the sregeant's watch up one hour and a half, leaving the tent at really 11 o'clock and not near 1 o'clock, as the sergeant thought. At once I made a vain attempt to blow up the magazine and was later captured.

"The soldiers, without any formal trial, put a rope around my neck and suspended me in the air, with the evident intention of choking me to death.

"After I had hung there until I had become unconscious the friendly sergeant, who had just learned that I was being hanged, came running, saying: 'You are hanging the wrong man, for this fellow was in my tent last night until 1 o'clock and the attempt to blow up the magazine was made before that time.' This saved me, and I was taken down, given restoratives, and brought back to life. Of course, my running up the sergeant's watch-hands had fooled him.

"That is about the whole story of how I was hanged and why I am alive today."

Mr. Mann was a resident of Dawson at the time of the war, but enlisted in the Confederate army at New Orleans. He is now a retired minister of the gospel on account of throat trouble.

Some Beautiful Expressions of Men in Albany.

As they took my book and my thanks they said:

"Make this your headquarters to rest when you are tired."

"It's my duty, sir."

"I haven't the credentials to take the book."

"I esteem it a privilege to take your book."

"I haven't the price on me today."

"You are just as welcome to my patronage as you are the flowers of May."

"Come again, brother!"

These and similar expressions make an aged man rejoice while he is trying to earn his bread.

In the Master's service.

J. T. MANN.

FORGED A CHECK.

John Monroe Signed M. J. Ward's Name to Check.

Deputy Sheriff J. Lee Stokes of Micanopy brought to this city Monday John Monroe, a negro who was convicted in Justice Smith's court upon a charge of forgery, and sent to jail to await the action of the grand jury at the next term of the circuit court, in default of $250 bond.

It appears that Monroe in some manner secured possession of a check for $6 which had been made out in favor of M. J. Ward. Without hesitation the negro endorsed the check in the name of Mr. Ward and secured the cash thereon, shortly after which he was detected. He was arrested and arraigned before Justice Smith, with the result as above stated.

The Right Name.

Mr. August Sherpe, the popular overseer of the poor at Fort Madison, Ia., says: "Dr. King's New Life Pills are rightly named; they act more agreeably, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at all drug stores.

COMMISSIONERS TODAY.

Will Meet to Organize New Board for the Coming Year—Little Change.

The Board of County Commissioners will meet today for the purpose of organizing the new board for the coming year.

There will be but little change from the old board, the only change being that of W. J. Matthews of Dunnellon, who succeeds J. G. Osteen as representative of the people of that district. Mr. Osteen has made a good and faithful member of the board, and can withdraw with the assurance that the people of his section as a rule are satisfied with his record.

Mr. Matthews, who is one of the most widely known citizens of the West End, is a man of energy and ability, and it goes without saying that he will serve his constituents in a wise and consistent manner, as he did in years past.

The board as reorganized will comprise John G. Dampier, C. C. Pedrick, F. F. Paulling, J. F. Townsend and W. J. Matthews. Hon. John G. Dampier, who has been the efficient chairman for the past two terms, will likely be re-elected.

NOVEL CURES FOR COLDS.

Healing Medication That is Breathed, Giving Quick Relief.

It seems just as ridiculous to put medicine into the stomach to cure a cold in the head or lungs as it does to go out in the rain if we want to keep dry.

The fact that many people right in Gainesville cough and hawk and snuffle for days and weeks after they treat a cold with the usual stomach dosing, shows how valueless are the ordinary cough and cold cures.

The right way to cure a cold in the head or a cough and irritation in the throat and lungs, is by breathing Hyomei's medicated air. Put a few drops of Hyomei in the neat pocket inhaler that comes with every outfit and breathe this healing air for a few times and immediate relief will be noted. The medication goes right to the spot where the disease germs are located and renders them harmless in the future.

At the same time the soothing and healing effects of Hyomei on the irritated mucous membrane give quick relief, and the cough or cold is broken up.

The best evidence of the great value of Hyomei in curing coughs, colds and all bronchial troubles is the fact that J. W. McCollum & Co. give an absolute guarantee with every outfit they sell, that if it does not give satisfaction the money will be refunded.

A complete Hyomei outfit, consisting of a bottle of Hyomei, the inhaler and a medicine dropper, costs but $1, while extra bottles of Hyomei, if needed, can be obtained for only 50c.

NOTICE.

Notice is hereby given that application will be made to the Legislature to convene at Tallahassee, Fla., in April, 1907, for amendment of Chapter 5497, Laws of Florida, Acts of 1905, being entitled "An act extending and enlarging the territorial limits and the powers of the city of Gainesville, a municipal corporation organized and existing in Alachua county, Florida, and providing for the exercise of those powers."

To My Patrons and the Public in General:

Should any of my employes report to your homes or places of business in an intoxicated condition or use offensive language, you will confer a favor upon me by reporting same at once, that I may immediately discharge the offenders.

MONTHLY MEETING OF COUNTY SOLONS

The First Session of the Year Was a Remarkably Busy One.

LIST OF NAMES SELECTED

From Which Jurors Will be Drawn at Spring Term Circuit Court—The Sun Designated As Paper in Which to Publish Tax List—Other Business

Tuesday, Jan 1, 1907

The Board of County Commissioners met this day. Present, J G Dampier, chairman; J G Osteen, C. C. Pedrick, F. F. Paulling and J F. Townsend.

The minutes of last meeting were approved without reading.

Whereupon the board proceeded to select from the list of registered voters of the county a list of names to serve as jurors for the ensuing year.

Ordered:

That the report of road trustees for special road district No. 1 be received.

That all bids for county convicts be received up to and including January 7, 1907, bids to be opened January 8, 1907.

That an election be held in Micanopy, in Special Road District No. 1, Tuesday February 12, 1907, to determine who shall be road trustees for said district for the fiscal years 1907 and 1908, and to determine the rate of millage to be collected for the said two years. This first day of January, 1907, and that the following named persons be appointed inspectors of said election: O. L. Feaster, S. H. McCollum and Thos McCredie.

Whereupon the board adjourned until Wednesday morning at 9 o'clock

Wednesday, Jan 2

The Board of County Commissioners met this day, pursuant to adjournment of Tuesday. Present, J. G. Dampier, chairman; J. G. Osteen, C. C. Pedrick, F. F. Paulling and J. F. Townsend.

How to Prevent Bilious Attacks.

One who is subject to bilious attacks will notice that for a day or more before the attack he is not hungry at meal times and feels dull after eating. A dose of Chamberlain's Stomach and Liver Tablets when these first symptoms appear will ward off the attack. They are for sale by all druggists.

Waylaid and Stabed.

Youngstown, O., Jan. 7.—Waylaid in an alley in this city, Joseph Woodowitch was stabbed in the groin by Joe Sapher, he says. Both men are Slavs. There was an old grudge between them.

TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

NEWS OF CITY AND COUNTY CONDENSED

W. L. McDowell of Savannah, traveling representative of the J. P. Williams Company, naval stores, was in the city yesterday, having come to confer with Special Agent A. Paul of the United States land office in the adjustment of some timber trespass matters. The J. P. Williams Company were innocent in the premises, however, but were purchasers of some naval stores products procured from government land, and under these circumstances the government holds them equally responsible. Captain Paul, however, states that he believes the matter will be amicably adjusted.

Joseph J. Tinsley, representing E. R. Brackett Company, commission merchants, New York, has joined his wife and mother in this city, after a tour of South Florida. Mr. Tinsley reports that the recent cold did considerable damage to the oranges of South Florida, but that the groves in the vicinity of Winter Garden, near Lake Apopka, and Clearwater Harbor, on the West Coast, were comparatively uninjured. In fact, the fruit all along the West Coast suffered little, but as a rule in the interior is badly damaged. The lettuce crop in the Sanford section is also damaged, being almost a total loss.

PRIEST IS NOT GUILTY.

That Was the Verdict of Jury in This Celebrated Murder Case.

"We, the jury, find the defendant not guilty."

That was the verdict rendered by the jury at the special term of the circuit court of Levy county at Bronson Saturday night to try R. D. Priest, who was charged with the murder of the marshal of Williston, on the day of the primary election last year.

It is said by those who were present that the jury was out only about thirty minutes, which is evidence that the verdict must have been on the first ballot

This was one of the hardest fought legal battles ever known in Levy county, brilliant talent having been engaged on both sides. Among those for the defense were Judge Syd L. Carter and Congressman Frank Clark of this city, and the decision was a great victory for them.

PUBLIC SCHOOL OPENED.

Spring Term Began With Most Flattering Prospects Monday Morning.

The spring term of the University High School, of which Prof. Tom F. McBeath is principal, began Monday morning with most flattering prospects, a fine attendance reporting for duty.

Prof. McBeath stated that he felt very much encouraged over the promptness the pupils, more than four hundred in number, responded to the call for reconvening, and of this vast number very few were tardy.

Both the faculty and pupils enter upon the new year with a determination to make it one of the most successful in the history of the best public school in Florida, and at the end of the term it is felt certain that the reports will show they have been successful.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lunge, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all druggists.

Pure Food Notice.

We guarantee Blue Ribbon Flavoring Extracts absolutely pure, and to conform to all the requirements of the National Pure Food Law of June 30, 1906. Merchants can safely handle Blue Ribbon Extracts and housekeepers are assured of getting the very best.—GREEVER-LOTSPEICH MANUFACTURING COMPANY.

The Cough of Consumption

Your doctor will tell you that fresh air and good food are the real cures for consumption. But often the cough is very hard. Hence, we suggest that you ask your doctor about Ayer's Cherry Pectoral.

We publish the formulas of all our preparations. J. C. Ayer Co., Lowell, Mass.

S. S. S. PURELY VEGETABLE

Not only as a medicine valuable for its ability to cure disease, but the way in which it affects the system is a very important factor. When the system is infected with the germs of disease as in Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., every particle of its recuperative strength is needed to assist in eliminating the poisons and impurities which are causing the trouble. It should not be dosed and treated with strong mineral mixtures and concoctions that further add to the burden, by disagreeably affecting the bowels, producing indigestion, or eating out the delicate linings and membranes of the stomach. The absolute vegetable purity of S. S. S. has always been one of the strongest points in its favor, and is one of the principal reasons for its being now the most widely known and universally used blood medicine on the market. It is made entirely of healing, purifying roots, herbs and barks of the forests and fields. These are selected for their well known curative properties, and are known at the same time to possess the qualities to build up and strengthen every part of the system by their fine tonic effect. Not only is S. S. S. the king of blood purifiers, but it is the one medicine that may be taken with absolute safety by young or old. We guarantee it non-injurious and offer a reward $1,000 for proof that it contains a particle of mineral in any form. S. S. S. is a safe and reliable treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and any and all diseases arising from a poisoned or impure state of the blood. It goes to the very bottom of these troubles, removes every trace of disease, enriches and builds up the blood and permanently cures where mineral medicines fail. If you are suffering with any form of blood disease write for our book on The Blood and ask for any medical advice you may desire; no charge for either. THE SWIFT SPECIFIC CO., ATLANTA, GA.

SOLDIER IDENTIFIES GUILTY ONE

Negro Is Reported To Have Told Who Caused Brownsville Riot.

Washington, Jan. 7.—It is the expectation of Secretary Taft that when the senate convenes next Monday and resumes the discussion of the case of the discharged soldiers of the 25th infantry he will be able to furnish that body with a preliminary report of the result of the investigation into the Brownsville, Tex., affair which has just been concluded by Assistant Attorney General Purdy.

It is officially reported in Washington that Lem Reeves, a negro soldier, has admitted that he knew the names of the two missing members of the 25th from roll call on the night that the soldiers were called to arms during the progress of the riot in Brownsville.

It is also reported that this witness has given the names of the negroes to General Purdy, and this has been embodied in the report that is to be made to the department in Washington.

It is now believed that General Purdy has secured sufficient information to identify and convict every negro implicated in "shooting up Brownsville."

Rumor indicates that General McCaskey, who liberated the negroes under suspicion, may be later on court-martialed for not further investigating the sensational affair at the time.

Second Attempt at Suicide.

Birmingham, Ala., Jan. 7.—A special to the News from Huntsville, says Mrs. William Tucker, the woman who recently shot herself at Hazel Green, inflicting what was considered a fatal wound, has made another attempt to commit suicide. She secured a case knife that was brought with the food to her bed and cut her throat from ear to ear. She can now neither eat or drink and her death is regarded as a matter of hours. In the first attempt at suicide she shot herself through the stomach following a quarrel with her husband. She was later found in a deserted field with her young child near by.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." J. W. McCollum & Co.

Rev. John Hanner Dead.

Nashville, Tenn., Jan. 7.—Rev. John Hanner, one of the ablest ministers in the Tennessee conference, Methodist Episcopal church south, died at Franklin, Tenn., Saturday.

Forty Workmen Buried.

Bingen, Hesse., Jan. 7.—Forty workmen were buried under the dirt while working a cut for a new railroad. Fifteen men remain under dirt.

The secret of old age is Health. Use BALLARD'S HOREHOUND SYRUP

And you will have health. Great care should be taken of ones health and Ballard's Horehound Syrup will cure

COUGHS, COLDS, CROUP, BRONCHITIS AND ALL PULMONARY DISEASES.

Mrs. J. H. McNeil, Salt Lake City, Utah, writes: "I am eighty years old and I thank Horehound Syrup for having cured me of coughs, colds and other like diseases."

Three Sizes 25c, 50c and 1.00.

Sold and Recommended by W. M. JOHNSON, Gainesville

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

Shoots Wife and Sister.

Detroit, Mich., Jan. 7.—Patrick Doyle, in the Home of the Friendless, a refuge for children, shot his wife and his wife's sister, Mrs. Mary Bondy, of this city. Mrs. Bondy is fatally wounded with a bullet in her lungs, and Mrs. Doyle has a flesh wound in her neck. Mrs. Doyle came here a week ago from Cheboygan, Mich., after it is said, quarrelling with her husband. She secured employment and placed her children in the Home of the Friendless. Doyle followed her to this city Sunday, and, learning that she was to visit the children, went to the home while the two women were there and shot them. He was arrested and placed in jail.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guranteed at all drug stores. 50c and $1. Trial bottle free.

No Injury to Orange Trees.

Clermont, Fla., Jan. 7.—The orange trees in this vicinity were not injured by the recent cold weather. Three-fourths of the orange crop was not frozen. Clermont is in a hilly section of Lake county, surrounded by Lakes Mineola, Hiawatha, Louise, Wenona and Minnehaha, all large lakes. Most of the orange groves here have lake protection and can stand several degrees of colders weather than other parts of Florida much farther south. All vegetation in this vicinity were killed.

Carrie Nation

certainly smashed a hole in the barrooms of Kansas, but Ballard's Horehound Syrup has smashed all records as a cure for coughs, bronchitis, influenza and all pulmonary diseases. T. C. H—, Horton, Kansas, writes: "I have never found a medicine that would cure a cough so quickly as Ballard's Horehound Syrup. I have used it for years." Sold by W. M. Johnson.

Dancers Stampeded.

Lexington, Ky., Jan. 7.—When a country dance was in progress at Dry Fork, near Sergent, Ky., John Banks, aged 18 years, was fatally shot by Foster Brown, aged 19 years. The quarrel is said to have resulted from a dispute as to the position in a "set" they and their ladies sought to occupy. The shooting stampeded the dancers.

How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at all drug stores.

EWING PREPARING BRIEF.

To Be Used in the Appeal of Greene and Gaynor.

Macon, Ga., Jan. 7.—U. S. Deptrict Attorney Marion Erwin returned to Macon Friday after more than a month's absence in Chicago.

Mr. Erwin comes to Macon to prepare the brief which is to be used in the appeal case of Greene and Gaynor in the circuit court of appeals. This wil require some time. The case was set for hearing on Jan. 7, but in all probability it will be re-assigned for a later time.

The preparation for the appeal has cost the two prisoners more than $7,000, and there are yet heavy expenses to be met. More than 5,000 pages of typewritten pages of matter is contained in the record for appeal. The records have been prepared in Savannah. District Attorney Erwin's brief is to be lengthy itself, and the fight over a new trial will be a long one. Preparations are being made on both sides for the contest, and great interest in the result is being taken.

Wise Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured—so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at all drug stores. Price 50c.

GAINESVILLE, FLA.

H. S. and H. D. Geiger are now the editors and proprietors of The Inverness Chronicle.

A Chicago man says that by eating an apple a day, a man can forget all his ills. An apple? It's an onion, isn't it?

Fear is expressed that we may have to fight Cuba to "pacify" it. Bosh. Packers want to get rid of some more embalmed beef perhaps.

The automobiles owned in New York are said to have cost $70,000,000. When we add to this the cost of repairs and fines paid, we can see that its the auto that makes the money go.

Says a contemporary, "Not all women go through their husbands' pockets after they are asleep." No, some of them get the money as soon as their husbands arh paid off.

He is a mean man who makes a solitaire engagement ring do double duty as a Christmas present.—Chicago Daily News. But just think of the advantage the girl has if the engagement is broken.

With The Dallas News printing three-column editorials against Bailey, and The Houston Post three-column editorials for him, the inoffensive, peace-loving Texans are certainly catching it!

The Congressional Record brutally refused the illustrations accompanying the President's Panama message, but still continues to punctuate the speeches of the members with imaginary applause.

Miner Hicks is a Spanish war veteran, but he made the mistake of not enlisting with the Rough Riders. Which explains why he was buried in a mine instead of one of the government departments.

If Representative Gaines and Senator Morgan are going to make a few brief and imperfect remarks on all the presidential messages, the President will have to call an extra session to get through with the business of the country.

Senator Tillman has called forth considerable comment by keeping quiet during the first month of the session, but no one seems to notice that the pile of sawdust around the desk of Senator Spooner has also been getting pretty high.

Rev. John B. Culpepper, who conducted the greatest religious revival in the history of Gainesville some twenty years ago, is now conducting a revival in Jacksonville, his mammoth tent being located on the old St. James Hotel lot. He has a choir of over 100 voices, led by Rev. Mr. Harris and his son, Burke Culpepper.

Senator Foraker, in his vain endeavor to puncture Roosevelt's popularity, is posing as a champion "coon" advocate, in rebuking the President for discharging those negro murderers and accessories from the army. The people of this country, regardless of party, approve what the President did in discharging the negroes who shot up Brownsville.

TREND TOWARDS DEMOCRACY

Democrats can well afford to take a bright view of their political prospects. Things are coming their way, and the voters are daily being educated in Democratic doctrine. It is only a few years ago that the Republicans were denouncing voting against an income tax and rejoicing when a 5 to 4 Supreme Court decided the tax on the income from land was unconstitutional. Now many Republicans including the President are recommending income tax—in the future—for President Roosevelt is rather hazy as to when Congress should impose this tax for the Supreme Court to have another guess or whether amending the constitution should be attempted.

During the past year Democrats have, in conjunction with Republicans, made a beginning towards the control of railroads and in the future may expect to see more reasonable rates. Another reform that Democrats have long looked forward to, but have been defeated upon, through the lavish contributions of the trusts and monopolists, now looms up as not only possible but probable, and that is tariff reform. The Republican leaders still stand pat on protecting the trusts, but many of their followers are urging that the Dingley law be revised, and a goodly number of them voted with the Democrats at the last election on that issue. Although this year may not see tariff reform accomplished, it is tolerably certain that it will be accomplished after the next election.

The Democratic contention that "the constitution must follow the flag" has come to be the view of many honest and thoughtful Republicans, for the logic of events has shown that the Republican system of colonialism is an expensive failure. The old Democratic principles of State rights and home rule, both of which have been undermined and perverted by the Republican leaders, are again looming up, as necessary to be strictly enforced to offset the trend towards centralization and the concentration of power and wealth in the hands of the few to the detriment of the many.

The reduction of the Republican majority in Congress by one half, and success in unlooked for quarters, is proof of the trend of public opinion towards Democracy and the uniting of the members of the party on the great issues before the country. How can Democrats therefore fail to feel that the past year has brought many favors and that they can look forward with renewed hope for the supremacy of the great party of the people.

ASSET CURRENCY.

The committee on banking of the House of Representatives has turned down Secretary Shaw's plan for currency reform in a most unfeeling way. For, not content with refusing to adopt the Shaw plan, the committee proposes legislation which Shaw deemed unscientific and insufficient. The plan reported by the Republican majority of the committee permits every national bank to issue credit currency in the sum of $37 500 for every $100,000 of its capital. As the people will be expected to take these unsecured credit notes, for the poorest money always falls into the pockets of the people, and the best, such as gold or gold certificates, is hoarded by the banks, there should be a strong protest against this special legislation for the benefit of the big national banks, and especially the Wall Street contingent. With the currency in circulation already increased over 50 per cent, there is no need of further inflation. For it must be remembered that inflation of the currency always advances the price of commodities, and the cost of living is already too high.

Zion City is to be sold at auction. That ought to result in a quick sale and small prophets.

STATE OF OHIO, CITY OF TOLEDO, } ss.
LUCAS COUNTY.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. For sale by all druggists, 75c.

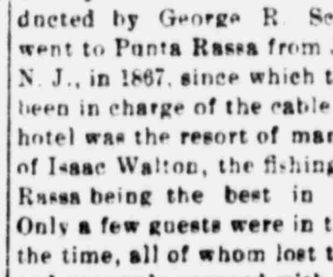
Take Hall's Family Pills for constipation.

There is a great amount of interest being manifested in the question of salaries paid to government officials. Every fair-minded thoughtful man must admit that salaries paid to Congressmen and Senators are too small. We pay $5,000 per annum to them, which is not as much as a capable man can make outside, and besides it subjects them to a great temptation to accept annual retainers from railroads, trusts and the like, to look out for their interests when they are involved. England, France and Germany have nothing like the corruption in the government that we have, simply because they pay them enough to be honest, but we must not put too great a temptation before them. If Congressmen were paid $10,000 per annum, and circuit judges who interpret our laws paid likewise, these officials would serve us much better, and corruption would be reduced to a minimum. Yes, raise their pay!

The Jacksonville Times-Union truthfully says that "there is no State in the Union where beauty of surroundings is as valuable to a town or a community as it is in Florida. Our light is not under a bushel. If it is not seen of all men, it is seen by very many, and those who see it in intelligence and in culture are very far above the average of Americans. The beautiful town attracts visitors, and all classes make profit out of them, even while they are merely visitors. But many who come as visitors remain as settlers. Often they are well enough off to take life easy, and are able to gratify a preference for pleasant surroundings, even where the opportunity for money making is not as great as can be found elsewhere. The beautiful town attracts this class—the cultured class, and their coming adds to its desirability as a place of residence."

The hotel at Punta Rassa, in which was located the Western Union cable office, postoffice, quarantine station, express office, etc, was destroyed by fire on December 30. It was Lee county's oldest landmark and was conducted by George R. Schultz, who went to Punta Rassa from Jersey City, N. J., in 1867, since which time he has been in charge of the cable office. The hotel was the resort of many disciples of Isaac Walton, the fishing at Punta Rassa being the best in the South. Only a few guests were in the hotel at the time, all of whom lost their effects and narrowly escaped with their lives, Commodore Garrett Van Horn and Admiral Grinnell of Long Island, N. Y., being among the number. Mr. Schultz had just expended $2,000 in fitting the hostelry for the tourist season. All the launches, fishing boats, etc., were destroyed



REVIVO RESTORES VITALITY

"Made a Well Man of Me."

REVIVO REMEDY

produces fine results in 30 days. It acts powerfully and quickly. Cures when others fail. THE NEWS FROM ARCHER.

Mr. Duren to Move to South Florida. K. of P. Installation—Notes.

Archer, Jan. 7.—A. T. Duren and family will leave Archer this week for Largo, Fla., where they expect to make their future home. Mr. Duren has traded his property here for some orange grove property at Largo. Mr. Hussey takes Mr. Duren's place here. Mr. Duren was a very successful trucker, and it is to be hoped he will make a success at his new place.

Will Anderson, who has been clerking for Fleming & Sons, has gone back to Bronson to take charge of his father's livery business.

John Buff, at one time a resident here, but now of Columbia, S. C., is visiting relatives here.

Will Taylor will stay with J. K. Tuten this year as clerk.

Dr. Andrews, our druggist, has been quite ill, and Mr. Chamblin has the drug store in charge.

The K. of P.'s elected the following officers to serve first period in 1907: C. C., G. D. Fleming; V. C., T. A. Duren; Prelate, C. B. Brown; M. of W., B. B. Lowman; K. of R. & S., J. E. Weil; M. of Exc., R. B. Hodgson; M. at A., J. Guy Fleming; I. G., F. S. Cull; O. G., George B. Lowman. After the installation of the officers all repaired to the banquet hall, where an oyster supper was ready for members and their families and invited guests. After satisfying the inner man dancing was indulged in by the young people.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

Seven Are Injured in Wreck.

Cape Girardeau, Mo., Jan. 7.—A relief train returned here late Friday night from Neely's station, 20 miles north of here, bringing the seven injured passengers who were hurt when a smoking car overturned near there Thursday evening by the slipping of the Frisco track. It is believed all of the injured will recover.

A Jamaica Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service of Kingston, Jamaica, West Indies Islands, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her house. Sold by all druggists.

Useless for Military Purposes.

Washington, Jan. 7.—By an executive order the military reservation of Fort Davis, Tex., embracing about 800 acres of land in the county of Presidio having became useless for military purposes has been transferred to the control of the secretary of the interior for disposition under the law of July 5, 1884.

The Joy

of living is to have good health. Use Herbine and you will have bushels of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of Herbine, a positive cure for all liver complaints. E. Harrell, Austin, Texas, writes: "I have used Herbine for over a year, and find it a fine regulator. I gladly recommend it as a fine medicine for dyspepsia." Sold by W. M. Johnson.

Nearly Killed by Gas.

Wabash, Ind., Jan. 7.—William Jones, his wife and two children were found by neighbors unconscious from escaping gas. Prompt medical attention saved the family, but they are all still seriously ill from the effects of the fumes.

A Famous Bell.

The emperor's great bell in the Cathedral of Cologne was consecrated with great pomp. Twenty-two cannon taken from the French were assigned by the Emperor William for its manufacture. It was cast by Andreas Hamm of Frankenthal, and more than $20,000 was paid for the casting.

It bears an inscription recording that "William, the most august emperor of the Germans and king of the Prussians, mindful of the heavenly help granted to him whereby he conducted the late French war to a prosperous issue and restored the German empire, caused cannon taken from the French to be devoted to founding a bell to be hung in the wonderful cathedral then approaching completion." A likeness of St. Peter, the name patron of the church, is on the side, beneath which is a quatrain in the style of the mediaeval conceits, praying that as devout hearts rise heavenward at hearing the sound of the bell so may the doorkeeper of heaven open wide the gates of the celestial mansion. On the opposite side is inscribed a sextet in German.

A Foxy Tenant.

At one time there lived in Worcester, Mass., an old negro who had a tremendous influence, religious and political, in the settlement where he lived. He occupied a little house owned by a prominent banker, but had successfully evaded the payment of rent for many years. No trouble came, however, until the banker was nominated to run for a political office. The next day the old negro came hobbling into his office.

"Well, Sam," said the banker, "I suppose you've come in to pay me some rent."

"Oh, no, boss," replied the old man. "I's just come in to say I's glad yo' is nominated and will tell de res' of dese no 'count niggers to vote fo' yo' and to mention to yo' at de same time dat de roof of my house is a-leakin', an' if 'tain't fixed I'll have to move out directly."—Lippincott's.

Why

should your baby suffer? When he is fretful and restless don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known medicine and cure for all children's diseases. It is mild in its action, builds up the system, makes thin puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. M. Johnson.

Where New England Is Pre-eminent.

From the standpoint of mental ethnology New England is as different from the rest of the United States as Brittany or Provence from the rest of France, Piedmont from the rest of Italy, Bavaria from the rest of Germany. Those features the existence of which can be scientifically proved and the extent of which can be readily measured are a high birth rate of genius, a passion for reading, a high divorce rate, a low natality, a high death rate from diseases of the nervous system. The correlation between some of these traits is obvious. Between others it is obscure. But we must remember that mental ethnology is a science born yesterday. Today it gathers facts. Tomorrow it will compare these and from them derive laws.—Gustave Michaud in Putnam's Monthly.

Shoe Etiquette in India.

Indians take off their shoes when there is a farash upon which they have to squat. The mud from the shoes would spoil the sheet. A native visitor to a European should on no account draw his shoes, there being no farash. If any deputy magistrate does so he is a cringing slave, imitating the sahib's chaprasee and showing that he is as humble as Ram Bakhsh before the sahib. If his socks are torn and the toes are out it is a regular insult to the sahib.—Lahore Tribune.

How to Avoid Pneumonia.

We have never heard of a single instance of a cold resulting in pneumonia or other lung trouble when Foley's Honey and Tar has been taken. It not only stops the cough, but heals and strengthens the lungs. Ask for Foley's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCol-

ORDINANCE NO. 123.

An Ordinance to Provide For the Construction and Maintenance of Sidewalks, Curb and Gutters and Grass Plots Along Certain Streets, For the Costs of Such Work, and the Issuance of Special Assessment City Certificates Against the Property Fronting or Abutting Upon Such Streets.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF GAINESVILLE, FLORIDA:

Section 1. The owner or owners of every lot, piece or parcel of land fronting or abutting upon the following streets in the said City of Gainesville, as herein described, viz:

Upon the North and South sides of Church St., from where Arredondo street intersects with said Church street, thence East to Prairie avenue; upon the North and South sides of Orange street, from where Arredondo street intersects with said Orange street, thence East to Sweetwater branch; upon the West side of Arredondo street from where Masonic street intersects with said Arredondo street, thence South to Market street; upon the East side of Arredondo street from where Mechanic street intersects with said Arredondo street, thence North to Church street, and upon the West side of Arredondo street from where Orange street intersects with said Arredondo street, thence North to Church street; upon the North and South sides of Masonic street from where Arredondo street intersects with said Masonic street, thence East to University street; upon the East and West Sides of Pleasant street from where Liberty street intersects with said Pleasant street, thence South to Masonic street; upon the East and West sides of University street from where Mechanic street intersects with said University street, thence South to Depot street; upon the East and West sides of Prairie and Roper avenues from where Alachua avenue intersects with Prairie avenue, thence South on Prairie and Roper avenues to Arlington street; upon the North and South sides of Union street from where Pleasant street intersects with said Union street, thence East to Sweetwater branch; upon the East and West sides of West Main street from where Boundary street intersects with said West Main street, thence south to Depot street; upon the North and South sides of Magnolia street from where West Main street intersects with said Magnolia street, thence East to University street; upon the East and West sides of Franklin street from where Seminary street intersects with said Franklin street, thence South to Church street; upon the East and West sides of Oak avenue from where Church street intersects with said Oak avenue, thence south to Liberty street; upon the North and South sides of Boundary street from where Pleasant street intersects with said Boundary street, thence East to East Main street; upon the East side of Prairie avenue from where Alachua avenue intersects with Prairie avenue, thence North to Church street; upon the South side of McCormick street from where Arredondo street intersects with McCormick street, thence East to West Main street, that said owner or owners be, and they are hereby directed and required, to construct sidewalks along the property lines of each and every of said streets as hereinbefore named; that the said sidewalks along the following streets, viz: Union street and West Main street shall be seven (7) feet in width, and constructed of Granolithic, Vitrified Brick or Cement Blocks; that the sidewalks along each and every of the other streets provided for herein shall be (5) feet in width, and constructed of a like character of material; said sidewalks to be constructed within thirty days after the passage and approval of this ordinance, and thereafter to be kept and maintained in good repair; and that curb and gutters be constructed along such of said streets and of such material as may be prescribed and designated by the Board of Public Works, and the cost thereof to be paid by the owner or owners of the property fronting or abutting thereon. And said owner or owners are hereby further required and directed to establish, within the time prescribed for the construction of said sidewalks and to maintain and keep in good order, grass plots, in front of the property along which said sidewalks are constructed, as may be designated and prescribed by the Board of Public Works, and the cost thereof to be paid by the owner or owners of the property fronting or abutting thereon, by the special assessment of the costs thereof, as provided, in case of said sidewalks.

Sec. 2. If the owner or owners of any lot, piece or parcel of land, fronting or abutting upon said streets as described in section one of this ordinance, shall fail to comply with the provisions of said section one within the time prescribed thereby, then the Board of Public Works be and they are hereby authorized and directed to construct or to contract for the construction of said sidewalks, curbs and gutters and grass plots, from time to time, or all at one time, as said Board may deem best, and the costs of such construction and establishment to be paid by the special assessment of said costs against the property fronting or abutting upon said sidewalks, curbs and gutters, and grass plots, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the abutting property thereon. The estimated total cost of the construction of said sidewalks named in section one of this ordinance is as follows, viz: Upon Church street, $5,147.10; on Orange street, $4,050.00; on Arredondo street, from Masonic to Market street, $1,852.20; on Arredondo street from Liberty street to Church street, $1,440.00; on Masonic street, $2,520.20; on Pleasant street, $882.00; on University street, $5,265.80; on Roper and Prairie avenues, $4,074.30; on Union street, $3,830.00; on West Main street, $11,668.35; on Magnolia street, $960.00; on Boundary street, from Pleasant street to East Main street, $934.00; on Franklin street, $1,500.00; on Oak avenue, $2,000.00; on Prairie avenue, $1,500.00; on McCormick street, $1,500.00; and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting upon said sidewalks where the same are to be constructed, is as follows, viz: where said sidewalks shall be five (5) feet in width 80 cents, and where said sidewalks shall be seven (7) feet in width one and twenty-five one-hundredths dollars per front foot. The estimated total cost of the establishment of said grass plots, and the estimated amount per front foot of the special assessment to be levied upon the property fronting or abutting thereon, where the same shall be established, is 10 cents. The Board of Public Works is hereby further authorized and directed to remove, or cause to be removed, any and all obstructions or encroachments along the boundary line of said streets where said sidewalks are to be constructed, except such shade trees as said Board may deem best to remain.

Sec. 3. The special assessment for the construction of said sidewalks, curb and gutters, and grass plots, shall become due and payable as fast as the said sidewalks, curb, gutter and grass plots are constructed, to be paid by the lot owners of the property fronting or abutting upon the said sidewalks, curb, gutters and grass plots, so constructed and established.

Sec. 4. The Mayor and City Council are hereby authorized to issue Special Assessment City Certificates for such amounts as may be due and payable for the construction of said sidewalks, curb, gutters and grass plots as fast as the same are constructed, according to the special assessment against said property as provided by this ordinance to be paid, in order to enable said city to pay the costs of the construction of said sidewalks, curb, gutters, and grass plots, pending the collection of said special assessment and taxes, said certificates to draw interest at the rate of six (6) per cent per annum. The amounts to be paid for the construction of said sidewalks shall be a lien on the lots, pieces or parcels of land abutting on said sidewalks, and said lien shall be enforced by suit in equity as provided by the charter of said city.

Sec. 5. In the construction of the sidewalks, curb, gutters and grass plots named and described in section one of this ordinance, the construction of same along the property lines of each and every street as therein mentioned, shall constitute and be a separate and independent job, and the City Council shall, as soon as practicable after the completion of the construction of said sidewalks, curb, gutters and grass plots along the property lines of each street as provided by this ordinance, meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said sidewalks, curb, gutters and grass plots along the property lines of each street, as by this ordinance provided, and any number of said sidewalks, curbs, gutters and grass plots that at the time of such meeting may be completed, may be included and such special assessment per front foot named and set forth in the said resolution, said special assessment shall not exceed the actual cost of the construction of said sidewalks, curbs, gutters and grass plots, or the estimated special assessment per front foot for such work as stated in this ordinance. Said resolution shall immediately after its passage be published one time in a newspaper published in said city. Any special assessment paid within thirty days after the publication of said resolution shall be accepted without interest and any special assessment not paid within thirty days shall bear interest from the date of said publication at the rate of one (1) per cent per month, for which certificates shall be issued to the city against the property fronting or abutting upon the said street or streets respectively in proportion to the frontage of the property fronting thereon, and be a lien against the said property, and be enforced as hereinbefore provided.

Sec. 6. The City Council shall meet on Tuesday the 29th day of January, 1907, at 7:30 o'clock p. m. of said day, in the Council Chamber, and at said meeting shall permit any owner or other person interested in the property against which the special assessment provided for by this ordinance shall be levied, to present their objections in writing to the enforcement of the requirements of this ordinance.

Sec. 7. This ordinance shall be published once each week for four weeks.

Passed in open session of the City Council this 21st day of December, A. D. 1906.

G. K. BROOME,
President City Council.

Attest:
J. M. DELL, City Clerk.

The above ordinance is approved by me this 22nd day of December, 1906.

W. S. THOMAS, Mayor.

Attest: J. M. DELL, City Clerk.

FROM HORSE CAR TO THE TROLLEY

Story of the Wonderful Development in Electric Traction During the Past Twenty Years.

PASSING OF STEAM TRACTION

Gradual Elimination of Distance Through the Development of the Electric Locomotive—Chicago to New York in Ten Hours.

During the summer of 1887, there appeared in the New York Sun the following facetious news item:

"They tried an electric car on Fourth avenue yesterday. It created an amount of surprise and consternation from Third St. to One Hundred and Seventeenth St. that was something like that caused by the first steamboat on the Hudson. Small boys yelled "dynamite!" and "rats!" and made similar appreciative remarks until they were hoarse. Newly-appointed policemen debated arresting it, but went no further. The car horses which were met on the other track kicked without exception, as was

First Electric Railway of the World, Berlin Exposition, 1879.

natural, over an invension which threatens to relegate them to a sausage factory."

That was less than twenty years ago. Today the New York Central Railroad Company is expending $50,000,000 in the electrification of the first forty-five miles of its system, and the car horses were long ago relegated to the boneyard, if not to the "sausage factory."

"They" have done marvelous things since the increasing knowledge of electricity opened up a new world of achievement, and we have scarcely crossed the threshold. In 1880 the electric car was a dream; in 1890, an experiment; in 1900, a great and wonderful fact which is revolutionizing passenger transportation and will enable human beings to move from place to place twice as fast as they do at present.

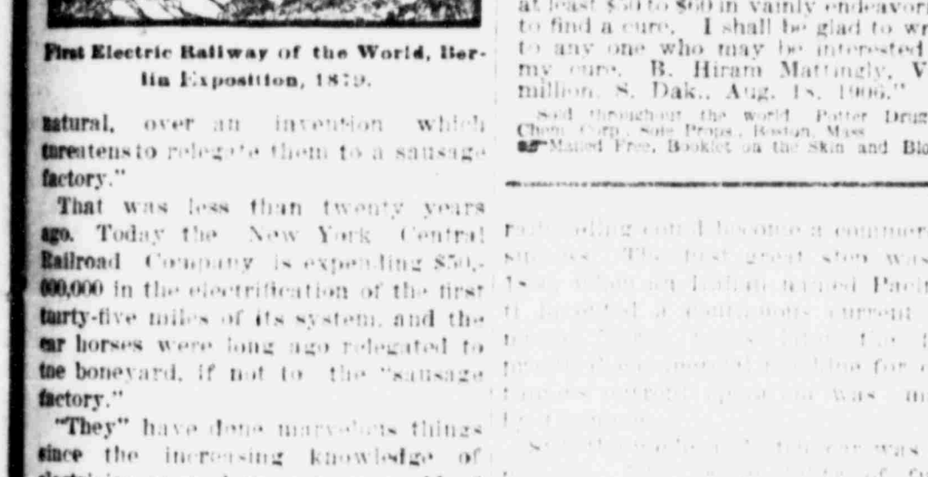
Born in Old Vermont.

When in 1834 Thomas Davenport, of Brandon, Vt., ran a toy motor mounted on wheels on a small circular railway, the modern electric railroad with its possible speed of over one hundred miles an hour was born.

In 1838 Robert Davidson, of Aberdeen, Scotland, built an electric locomotive which actually reached a speed of four miles an hour on the Edinburgh-Glasgow railway. Nine years later Professor Moses G. Farmer operated an experimental car which carried two passengers at Dover, New Hampshire.

Then the United States congress became interested. By special grants Professor Page of Smithsonian institute was aided in the construction of several forms of motors. One of them was used as a locomotive and, driven by a battery of one hundred Grove elements, was tried April 29, 1851, on a railroad running from Washington to Bladensburg. A speed of nineteen miles an hour was developed, so great that it destroyed the batteries.

Numerous other experiments followed, all commercial failures because the motors were crude and the source of power a primary battery. The development of the wonderful modern dynamo was necessary before electric



One Hundred Mile an Hour Electric Train, Chicago-New York Electric Air Line.

traction could become a commercial success. The first great step was in 1873, when Dr. Hippolyte Pacinotti, of Italy, invented a continuous current dynamo. For the first time [illegible] for commercial purposes was made possible. [illegible] was invented by Zenobe Gramme, of Belgium, in 1870, and was first shown at the Vienna exposition in 1873.

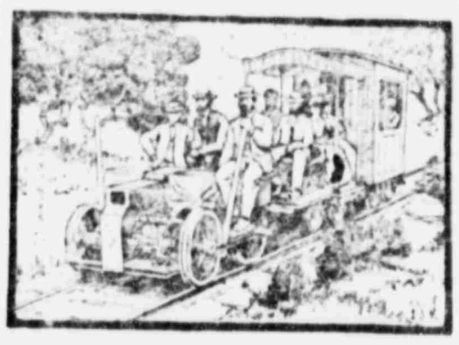
Not until 1879 was the first electric railway put in operation, taking the current from a third rail using a modern motor and carrying passengers. This novelty was in operation at the Berlin exposition and was a mile and two-thirds in length. The train consisted of a small locomotive and three small cars, capable of carrying twenty people. It reached a speed of eight miles an hour.

About this time Stephen D. Field and Thomas Edison in the United States began experimenting. In 1880 Edison was operating at Menlo Park an electric locomotive which pulled two cars.

The First Electric Railroad.

The first regular electric line to be established was at Lichterfelde, Germany, near Berlin. It was only a mile and a half in length and opened for traffic in May 1881. The trains carried twenty-six passengers, at a maximum speed of thirty miles an hour.

The first electric car to be operated regularly in the United States was installed by Daft on the Hamden branch of the Baltimore Union Passenger Railway in August, 1885. That was barely twenty years ago. So great is the skepticism of the public and railway men generally that the contract under which the road was built withheld payment one year so that it might be determined whether the cars would run. "No one but a knave or a fool would undertake such a thing," said a well-known scientist at the time. Scientists sometimes have trouble keeping up with the progress on. About the same time small cars were operated by Van Depoele at South Bend, Ind., followed by other small roads in



Edison Electric Locomotive Operated Experimentally at Menlo Park, 1880.

Windsor, Canada; Appleton, Wis.; Port Huron, Mich.; Scranton, Pa., and Montgomery, Ala. In the autumn of 1884 Frank L. Sprague, whose name is inseparably connected with electric traction, began to attract attention with his motors.

Twenty Years of Achievement.

At the beginning of 1887 there were in the whole world less than sixty miles of electric railroad track, and only about one hundred motors and motor cars. In 1905 there were nearly thirty thousand miles of electric track in the United States alone.

This change was not accomplished without opposition, discouragement and financial difficulties. Mr. Sprague himself, who was so potent a factor in working this change, has told the story of his first important contract. In the spring of 1887, the Union Passenger Railway company of Richmond, Va., engaged him to build an electric railway. The first car was run out one night while the skeptical people slept, to make sure it could climb the hills. It started out in a blaze of glory and ignominiously was towed back again by four big mules. But Sprague persisted until on Feb. 2, 1888, in a drizzling rain, the road opened for business.

From that time forward the future of electric railroading was assured and events moved rapidly. City after city adopted the new motive power; horse cars became things of the past; interurban roads began to gridiron the country everywhere, and in each instance a commercial success was scored. Electric interurban lines have been money makers from the start.

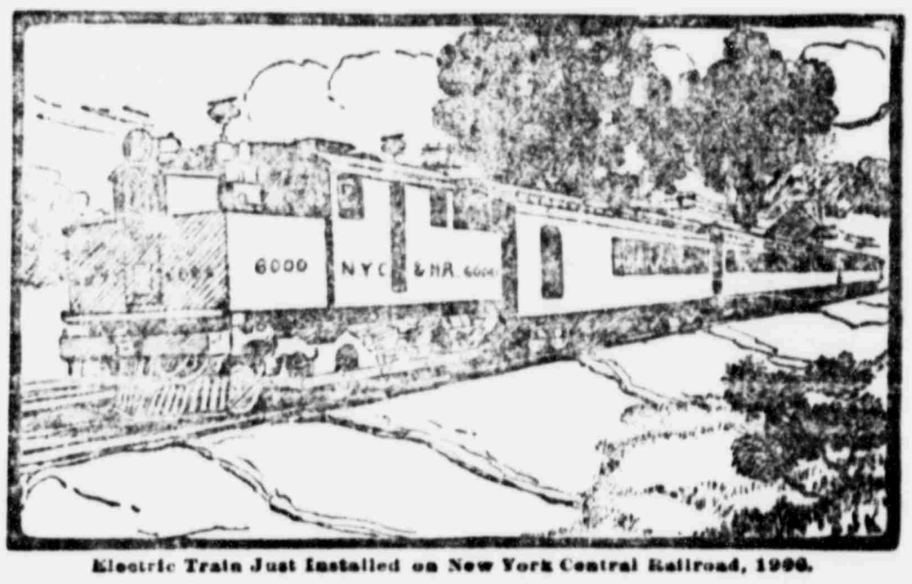
The greatest development has been in the east, but the west is not far behind. The Aurora, Elgin and Chicago Electric railway (the third-rail system which has been in operation several years) is famous. From one central power station over two hundred miles of road are operated, or will be as soon as the line to Belvidere is completed. Electricity at wholesale is sold to cities and villages along the route for lighting purposes; electricity for power is sold to farmers. Trains of elegant cars run into Chicago at a speed which would have seemed impossible a few years ago. Passengers wave good bye to steam trains on a paralleling railroad, which they pass easily. A parlor and dining car is one of the luxuries which the suburbanites enjoy going to and from the city, and the railroad seems a veritable gold mine for its owners.

The horse car has long since disappeared. Will the iron horse, the great steam locomotive, be supplanted also? This question occurs to all who can see the significance of passing events. Probably not for many years to come, as far as heavy freight traffic is concerned, because steam is especially applicable to the hauling of freight. But the action of the New York Central in electrifying thirty five miles of its road leading out of New York, and the popular agitation for similar improvement in Chicago and elsewhere, would seem to point to a time not far distant when electric railroads will connect distant cities and greatly shorten the hours of travel.

Chicago to New York in Ten Hours.

In fact such a railway already is being built between Chicago and New York by the Chicago New York Electric Air Line Railroad company, of Chicago. This company, headed by a group of practical railroad men, proposes to run limited trains, making not more than three stops, through to New York or Chicago, in ten hours. The thought fairly takes one's breath away at first, but the project considered soberly seems practical enough, and certainly is "a consummation devoutly to be wished." The work of grading began Sept. 1 near LaPorte, Ind.

As the new road will be an air line, with few curves, the route surveyed is 160 miles shorter than the Pennsylvania "Short Line", and 230 miles shorter than the Lake Shore and New York Central, each of which runs trains covering the distance in eighteen hours. Taking into consideration the shorter route of the Air Line, this is equivalent to a fourteen-hour service. With low grades, a straight track and no grade crossings, the seventy-five miles an hour average necessary to a ten-hour service ought easily to be maintained. Even on the first class



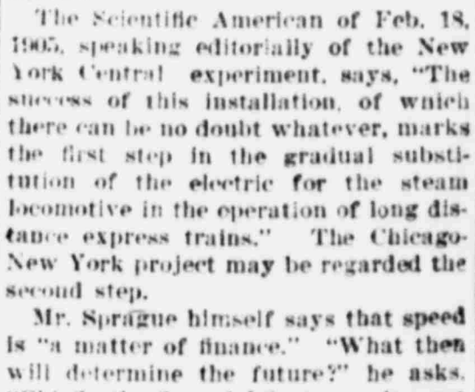
Electric Train Just Installed on New York Central Railroad, 1906.

steam roads of today ninety miles an hour is not uncommon for short distances.

The Scientific American of Feb. 18, 1905, speaking editorially of the New York Central experiment, says, "The success of this installation, of which there can be no doubt whatever, marks the first step in the gradual substitution of the electric for the steam locomotive in the operation of long distance express trains." The Chicago-New York project may be regarded the second step.

Mr. Sprague himself says that speed is "a matter of finance." "What then will determine the future?" he asks. "Chiefly the financial factor, as it must the future of any other great industrial problem. When savings in operation and the increased return for traffic will more than pay a fair dividend on money invested for electrical equipment, will trunk lines be operated by electricity."

Professor Charles P. Steinmetz, one of the greatest authorities on electricity, is quoted as saying, "There is no limit to the speed that may be developed in electric traction—that is, there is no limit up to 150 or 200 miles an hour. Higher speed than that the car wheels could not stand. They would fly to pieces from centrifugal force. Not only can a speed of 120 miles an hour be maintained on a train equipped with electricity, but in



First Regular Electric Railway in United States, Baltimore, 1886.

my opinion it is an entirely feasible scheme from the commercial point of view."

At any rate, the world seems on the eve of great things, and no scientist dares say today as was said twenty years ago, "a man is a knave or a fool." The attitude of the American public is one of faith and expectancy, best expressed by a recent remark of an old lady in her last sickness:

"I don't want to die," she said, "I want to see what they are going to do."

SCALY ERUPTIONS COVERED HIS BODY

Itched Constantly—Scratched Until Blood Flowed—Suffered 10 Years—Doctors and Medicines Were Fruitless—Tries Cuticura and is Completely Cured

BY THREE BOXES OF CUTICURA OINTMENT

"When I was about nine years old small sores appeared on each of my lower limbs. I scratched them with a brass pin and shortly afterwards both of those limbs became so sore that I could scarcely walk. When I had been suffering for about a month the sores began to heal, but small scaly eruptions appeared where the sores had been. From that time onward I was troubled by such severe itching that, until I became

accustomed to it, I would scratch the sores until the blood began to flow. This would stop the itching for a few days; but scaly places would appear again and the itching would accompany them. After I suffered about ten years I made a renewed effort to effect a cure. The eruptions by this time had appeared on every part of my body except my face and hands. The best doctor in my native county advised me to use arsenic in small doses and a salve. I then used to bathe the sores in a mixture which gave almost intolerable pain. In addition I used other remedies, such as iodine, sulphur, zinc salve, ——'s Salve, —— Ointment, and in fact I was continually giving some remedy a fair trial, never using less than one or two boxes or bottles. All this was fruitless. Finally my hair began to fall out and I was rapidly becoming bald. I used ——'s ——, but it did no good. A few months after, having used almost everything else, I thought I would try Cuticura Ointment, having previously used Cuticura Soap and being pleased with it. After using three boxes I was completely cured, and my hair was restored, after fourteen years of suffering and an expenditure of at least $50 to $60 in vainly endeavoring to find a cure. I shall be glad to write to any one who may be interested in my cure. B. Hiram Mattingly, Vermillion, S. Dak., Aug. 18, 1906."

Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, Booklet on the Skin and Blood.

Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Pleasant to take, rapid results. Contains nothing injurious.

CURES COUGHS, COLDS, CROUP, SORE THROAT, WHOOPING COUGH AND ALL PULMONARY DISEASES.

Mrs. J. C. Jenkins, Denver, Colo., writes; "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."

Guy Mixson and Fred Roux, students of the Atlanta Dental College, have returned to their studies, after spending the holidays with their parents here.

Remember the supper to be given by Colfax Rebekah Lodge No. 2, I. O. O. F., in the Hill building, East Liberty street, from 4 to 10 p. m. today. A good supper at a moddrate cost. Come and assist the ladies toward a grand financial success.

B. M. Heckard, owner and publisher of The Alachua Post, has leased that paper to T. D Thrash. Mr. Heckard will accept one of several positions he has had offered him, but has not decided yet which. Mr. Thrash has already assumed the management of The Post.

Patronize the Colfax Rebekah supper this afternoon and tonight, and help a good cause. Supper will be served at moderate rates. Hours from 4 to 10. Everything good to eat, temptingly served, including hot baked beans and brown bread.

T. R. Pickett of Newberry was in the city yesterday. He was en route home from Perry, Taylor county, where he has acquired a large tract of fine timber, and where he proposes soon to erect a large sawmill. Mr. Pickett states that work has not yet commenced on the mill, by reason of the scarcity of cars with which to convey the material to the ground. He states that he has about 60,000 feet of sawed lumber at his Newberry mill at present, which he is waiting to convey to market, but cannot do so because he cannot secure the cars.
